DIGITAL LITERACY ESSENTIALS

What Digital Literacy Is

The ability to find, evaluate, use, and create information using digital technology. It's about being smart and safe online, knowing how to communicate effectively, and understanding how technology impacts our daily lives.

Workspace Efficiency

- Google Drive/Docs for collaboration and cloud storage
- Grammarly for writing improvement
- Notion or OneNote for organized note-taking
- Kilogram Academy for learning support
- Quizlet for study flashcards
- Zoom/Teams for virtual meetings

Cyber Sentinel

- Use strong, unique passwords for each account
- Enable two-factor authentication
- Think before you click on links or download files
- Keep personal information private
- Verify sources before sharing information
- Update software and apps regularly
- Be cautious about what you post online

Professional Online Presence

- Use a professional profile photo
- Keep social media profiles appropriate
- Build a LinkedIn profile showcasing skills and experience
- Google yourself to see what others find
- Separate personal and professional accounts

Email Etiquette

- Use clear, descriptive subject lines
- Start with a proper greeting
- Keep messages concise and to the point
- Proofread before sending
- Use professional language
- Reply within 24-48 hours
- Include a signature with contact info
